

DMR: WORKSHOP FOR THE NEW W5NNI REPEATER

The Majors Field ARC is hosting a DMR introduction and workshop to build a code plug for W5NNI UHF repeater (the old WD5GSL UHF machine). The workshop is in three phases:

- I. An brief introduction to DMR
- II. Workshop to program code plug for use with W5NNI
- III. A brief time to cover operation (if time allows)

Here are some of the topics we will be attempting to cover:

- DMR terminology
- How DMR works – high level
- Some of the history of DMR in the Amateur Radio community
- DMR Networks and Talk Groups
- How W5NNI UHF can work with

Analog, DMR, and D-Star and *what you should know operating analog*

Please bring your laptop with Computer Programming Software for your radio and your radio you wish to program. If you have a DMR radio but do not have a DMR ID, please go to RadioID.net **NOW** and request one. This is primarily a workshop for W5NNI DMR repeater, sponsored by the Majors Field Amateur Radio Club. Everyone is invited.

TIME: Thursday, May 31st at 1830 (6:30pm CDT)

LOCATION: L3 Technologies Recreation Hall
10001 Jack Finney Blvd. Greenville, TX
Enter main gate and ask guard on duty for directions to the Rec Hall.

This event is sponsored by the [Majors Field Amateur Radio Club](http://MajorsFieldAmateurRadioClub.com). W5NNI is the new club callsign, as WD5GSL is being retired. Check out more information about the club at <http://w5nni.net> , on Facebook or Twitter.
